

Dear Pastor,

Greetings, from your 2010 Junior Camp Directors!

THE TIME FOR CAMP IS COMING SOON. Our theme for Junior Camp this year is Formosa Dude Ranch. We are so excited about the things we are planning for camp this year! We will have horses and hayrides and campfires!

Where we need your help most in is promotion and pre-registration. I have enclosed with this letter a packet of information regarding campers and volunteers. You will notice the promotional poster. Please feel free to copy it and display it in each classroom or wherever is convenient for your kids to see it best.

You also have a copy of the parent packet. This includes the registration form and a list of vital information. To make this the best week ever, we need the most pertinent information on each camper. In addition, we also want everyone to have the same information about what to bring, what not to bring and the rules. This is all needed for a successful week.

You will also notice we have forms for Staff. We love our staff; obviously we cannot have a successful camp without them. The forms are shorter this year. We are covering most everything in our meeting so this alleviated most of the paper work. Of course the staff training is mandatory. These are offered at different times to fit all schedules. We want to include as many staff volunteers as possible.

Having said all of this I would like you to work with us on getting more campers this year and getting our campers and volunteers pre-registered. We would love for you to do this job, but as we know your plate is very full and we would be very happy for you to appoint a camp coordinator in your church. Someone who is interested in getting kids to camp, someone who sees the importance of camp and its experiences. We want to work with you to get as many pre-registered as possible by May 15, 2010. Doing this helps in a couple of ways.

1. Get a good idea of how many people to expect, to order supplies. We want to be good stewards of God's money and having a good idea of how many people to plan for will keep our cost down.
2. Check in at camp will go much faster and smoother if the information is mailed in prior to you getting to camp.

This does not mean we will not take latecomers. We will defiantly do that. You will still pay at regular registration on Sunday. I am sure this is a little more paper work than you are used to but it is beneficial to us in ensuring a great week for everyone. Please get on board with us and make this the best camp ever!!!

Encourage your congregation to come to camp. Parents and teens can come as volunteers, as well as your campers. We look forward to seeing you there!

God Bless You,

Kirk and Jennifer Hudspeth
