

The Wolf Bayou Scholarship committee met several times during the year to discuss this new effort of the Wolf Bayou Association. We now have an application form that we believe is informative and fluid and can easily be used by the applicants and the committee. We will present our first scholarship award for the Spring '10 semester. We have had good response from the churches and have over half of the \$10,000.00 needed to participate in the foundation. Total amount received by the committee is \$5637.05 which is deposited in Heber Springs State Bank until it can be placed in the foundation. It is our pleasure to serve the Association in this remarkable endeavor.
